TO WHOM IT MAY CONCERN

IZIOGBA HENRY

The above named male was a pupil of our Primary School from 1990 to 1996. He completed his Primary School education in July 1996, and at a time that Primary School Leaving Certificate Examination had been abolished in Oyo State.

In his final year (Primary Six) at the Primary School and being duly eligible, he sat for the Oyo State Common Entrance Examination for admission into Oyo State Public Secondary Schools and had the following result:

Mathematics	88%
English Language	<u>91 %</u>
Total	<u>179</u>
 Aggregate Score	 89.5%

Attached is the photocopy of the general result of our school pupils with his name asterisked.

Our pupil while with us was well disciplined, very courteous, mentally articulate, and recreationally creative. He showed effective understanding of the relevant subjects which was evident in his impressive score in his Oyo State Common Entrance Examination.

This result is therefore issued in place of First School Leaving Certificate and as evidence of having completed Primary School Education.

Thank you.
